

# SUMMIT CONTROL

## PLATFORM FOR ASCENT CELLULAR ACCESS CONTROL SYSTEMS

### CONTROL IT YOUR WAY

Designed from the ground up with you in mind, no other access control solution on the market is this easy to use.

Our simple, yet powerful cloud-based software platform provides you with multiple control methods and a complete set of useful tools, allowing you to quickly and easily customize and control the operation of your access point(s).

DEVICES

Integrate and perform access control tasks on the smart devices you already have.

Our newest Ascent units utilize the speed and reliability of the 4G LTE network.

Automatic and on-demand photos bring added safety and convenience when someone arrives. (Available on selected models)

Ensure those with access to your property are within a set range before opening your gate/door.

GET THE SUMMIT CONTROL APP!

## ADMINISTRATION

Enjoy having full control of your gate, door, or other device without the hassle. Every task from managing users to setting permissions, creating custom timers, receiving notifications, viewing reports, and more is a breeze using our simple and secure cloud-based platform.
