SUMMIT CONTROL ™

CONTROL IT YOUR WAY!

Designed from the ground up with you in mind, no other access control solution on the market is this easy to use.

Our simple, yet powerful cloud-based software platform provides you with multiple control methods and a complete set of useful tools, allowing you to quickly and easily customize and control the operation of your gate.

CONTROL METHODS

Multiple control options give you versatility and ease of operation.

APP
Turn your phone into a remote control! It's free to download and easy to use.

TEXT
It's as easy as sending a text. Text the device and it promptly responds.

VOICE
Make a quick call and follow the automated prompts. Simple as that!

CALL BUTTON (ASCENT X1 AND T1)
Similar to an intercom, call multiple phone numbers of your choice in a specific order or all at once.

KEYPAD (ASCENT X1 AND K1)
It's been the trusted way to grant access for decades, and now you can manage your codes remotely.

EXPRESS CONTROLS*

These carefully crafted timers were designed to be both useful and easy to manage.

AT   AUTO-OPEN TIMERS
Schedule your access point to open with no voice prompt when users call to open.

7T   7-DAY TIMERS
Set your access point to open and close based on five weekly schedules.

HT   HOLIDAY TIMERS
Block out specific days to override your scheduled timers.

ST   SPECIAL EVENT TIMERS
Schedule your access point to open and close automatically for a special event.

CT   CALL TIMERS
Program your call button to call specific phone numbers based on a schedule.

TZ   TIME ZONES
Give your users time-based permissions.
