

SETUP OVERVIEW

1

Install, wire, power up, test*, then power off unit.

Refer to **Quick Start Guide**. This step should be completed by a professional installer.

** Only models with keypads can be tested before activation.*

IMPORTANT: DO NOT power Ascent back up until instructed by Summit Control.

2

Sign up for plan and complete activation steps.

Refer to **Activation Guide**. Please call **(844) 259-8265** if you need assistance.

3

Follow instructions given in Summit Control Admin.

Same-day activation will occur if we receive request by **3 pm Central, Mon-Fri**.

4

Set up users, keypad codes, call button, timers, and/or other features and enjoy Ascent!

Available features vary depending on Ascent model.

*it's that simple!*TM
